

MATIAS DINER

Senior Data Scientist

Senior Data Scientist with 7+ years of experience developing machine learning solutions for fraud detection, credit risk and financial services. Experienced in building predictive models, designing production-ready analytical solutions and translating complex data into business impact. Strong background in fraud prevention, statistical modeling and risk analytics.

EDUCATION

2020
|
2021

- **University of Buenos Aires (UBA)**
M.S. in Economic and Financial Risk Management

Thesis pending.

2014
|
2018

- **University of Buenos Aires (UBA)**
B.A. in Economics

Graduated with Honors (Cum Laude).

PROFESSIONAL EXPERIENCE

Oct 2024
|
Present

- **Prisma Medios de Pago**
Senior Data Scientist
 - Develop machine learning models for real-time transaction fraud detection.
 - Translate predictive models into production fraud prevention strategies combining ML and business rules.
 - Lead feature engineering, model validation and performance monitoring.
 - Partner with engineering teams to deploy and monitor production ML solutions.

Jul 2024
|
Oct 2024

- **Link**
Data Scientist
 - Designed clustering models to optimize ATM network distribution.
 - Developed geospatial analytics supporting strategic business decisions.

Oct 2022
|
May 2024

- **Ualá**
Data Scientist
 - Built an end-to-end credit scoring model, from feature engineering to scorecard calibration.
 - Developed customer prioritization models to optimize collection campaigns.
 - Designed customer segmentation models using RFM analysis.

Oct 2020
|
Oct 2022

Wilobank

Senior Risk Analyst

- Developed Expected Credit Loss (IFRS 9) models.
- Performed stress testing and capital adequacy analyses.
- Managed credit and operational risk initiatives.

Oct 2018
|
Oct 2020

Grant Thornton

Semi-Senior Risk Consultant

- Developed quantitative risk models for financial institutions.
- Built executive dashboards and financial planning models.

TEACHING EXPERIENCE

2015
|
2019

University of Buenos Aires (UBA)

Teaching Assistant - Statistics

- Assisted undergraduate courses in Probability and Statistics.
- Mentored students through practical assignments.
